If everything goes right, this will be a magazine that promotes HKSA and its members to the Asian Pacific regions, and of course Hong Kong.

HKSA MEMBERSHIP CORNER

The Executive Committee feels that it is a pity that our members do not take full advantage of the “MEMBERSHIP CORNER” and the “SECURITY NEWS” in our web page

Please submit your company activities, public awards received, new concepts in business process, engagement in public and social services etc that are the right material for these two pages to share with your fellow members. Please get your PR people to explore and submit.

DIPLOMA COURSE FOR PROFESSIONAL MANAGER

This Course received very favourable support and recognition among our members last year. The graduates were awarded the certificates and diplomas by guests from the SGSIA and Crime Prevention Bureau.

This year, we hope to launch this course again probably beginning in June. The course aims for all security personnel of guarding services and systems & maintenance services now serving as senior management positions. As top management, please take this opportunity to transform your senior managers a true asset to your company.

BREAKFAST TALK

A Breakfast Talk was organized on 29 March. The talks touched on the very head spinning issue of Workman Compensation claims and the insurer’s advice to handle such claims. It was again very warmly supported by members.

For the benefit of members who could not attend, the power points of the presentation, with kind consent of the speaker were sent to all members for their record and reference.

This breakfast Talk series will be hosted from time to time to enhance our members’ awareness on problematic security issues
