

## AUGUST 2012 CHRONICLE

Hi Members, How are you?

### GOOD NEWS,

The HKSA Web-Page Enhancement Working Group met on the last day of August to brainstorm means to enhance the Association web-page in light of (a) make it even more user friendly and attractive, (b) enable it to bring more services and benefits to members, and (c) expand networking with related industries and other professional groups.

Suggestions were made and these would be passed to the Executive Committee Members in meeting to endorse. We promise you a new web-page coming soon that will serve you better.

### TECHNOLOGY SEMINAR

A technology seminar had been planned to be held in November, 2012. 4 members have been selected out of 6 to do the presentation. They are Axis Communications Ltd, Securex Solution Ltd, Sony Corporation of Hong Kong Ltd and TeleEye Holdings Ltd. (chosen by draw)

We can assure you that they will have very advanced information in technology to share with audience. Watch out for the seat reservation notice!

### CONTINUAL PROFESSIONAL DEVELOPMENT PROGRAM

The Security Services Training Board and the Hong Kong Security Association support and encourage the formation of a preparatory group to bring about continual professional training program. With this in mind, SSTB has proposed to form a CPD Working Committee, and HKSA is one of the key members. 3 Executive Committee Members have volunteered to serve in this working group, representing the Association. They are Ms Janna Cheng of Urban Property Management Ltd, Ms Dennis Tang of ISS Adams Seuforce Ltd, and Mr. Peter Li of ASC (HK) Ltd. The Working Group initially plan training courses that will gear to senior security management staff as courses for these people are limited, but definitely necessary.
