Standard Working Hours

The Government have produced their summary and looking at establishing a commission in Q1-2013. The Association is keen to listen to our members and understand their views on this proposed legislation. A survey/questionnaire will be sent to all members inviting their comment.

The Association is in the process of arranging a meeting with the Labour Department to discuss the issue of the Standard Employment Contract (SEC) which has always been seen as driving a wedge between Employers & Employees. The SEC has now become a superfluous document especially since the enactment of Minimum Wage Ordinance.
